

Leading the way

Sydney's premier
plasterboard specialists

Ankon Contractors has been providing premium plastering and building services since 1987.

- We specialise in all types of plasterboard work, custom ceilings, painting and general building services – including some of the most challenging projects where attention to detail is key.
- We work with some of the industry's most recognised builders who choose Ankon Contractors because of our leadership, our quality workmanship and our undoubtable ability to deliver quality results.
- Our highly sought after skills and expertise are what give us an edge in the industry.

We don't just build. We create.

Our Approach

Whether we are undertaking a new build, a refurbishment or commercial construction, we apply the same dedication and professional attitude to every project. What may alter is our approach, which we tailor to each individual job to meet the specific requirements of our client.

Our work is our passion and we harness our collective knowledge and skills to take every project to the next level.

We are also flexible in our approach, recognising that circumstances change and we manage these challenges quickly, calmly and efficiently. And we competently meet our client's needs and budgets every time.

That is why some of Sydney's leading luxury property development companies have proudly engaged the services of Ankon Contractors because they recognise our ability to provide exceptional quality and excellent value for money.

A modern living room with a large grey sectional sofa, a glass coffee table, and a large abstract painting. A large spherical decorative object hangs from the ceiling. The room has large windows and a built-in white shelving unit.

Our Mission

Ankon Contractors strives to maintain its reputation for quality and reliability and deliver a high-level of workmanship and finish.

Our vision – to create and deliver the best projects we can – is at the core of all that we do. It is what gives us a sense of direction and what helps us to reach our end goals. It is also the basis of what Ankon Contractors stands for. We are committed to upholding our core values with every project we undertake and keep these front of mind consistently.

These values include:

- to conduct ourselves in a professional and ethical manner with fairness and honesty
- to work competently and efficiently as a team
- be punctual and committed to meeting deadlines
- communicate clearly and effectively
- to adopt safe working practices

What We Offer

At Ankon Contractors, excellence is our passion. It is what drives our success and our commitment to delivering quality projects and unwavering service.

We undertake a variety of plastering and building work – from small jobs to large commercial and residential projects. These works include:

Gyprocking/Plastering – our skilled craftsmen provide all types of plastering and gyprocking services, from repairs and renovations to new builds, custom decorative and curved ceilings, elevated platforms and cornices and ceilings domes.

Painting – we pay attention to the small details, ensuring every surface is properly prepared for paint whether it is gyprock and plaster timber or PVC.

Building services – our licensed and experienced building team are skilled in all types of building developments including commercial and residential projects.

Building products – for the convenience of our clients, we supply and install a variety of building products including windows, doors, skirting boards and architraves. We also use Hebel products for a variety of construction projects because of its strength and versatility.

Our Projects

Over more than 30 years in business, Ankon Contractors has amassed an extensive portfolio of impressive projects: from spectacular high rise residential properties to notable retail and commercial developments.

Ankon Contractors is proud to be the plasterboard specialist of choice among many prominent property developers whose projects have gone on to impressively win a number of significant industry awards. We believe our attention to detail is what has helped us achieve these outstanding results.

Our Work

Sunrise, Meadowbank, Sydney

This boutique apartment high-rise in north Sydney shows off our expertise to deliver a look that is a mix of timeless elegance and sophistication

ZEN Apartments, Wentworth Point, Sydney

A mammoth undertaking, this project comprised two 30 storey towers and a single 10 storey building. We collaborated with the builder to integrate their preferred construction techniques, timeframe and budget

Sirius, Wentworth Point, Sydney

The contemporary design concept behind this medium-rise residential apartment tower is the consummate example of our seamless finishes, completed to the highest standard

Marina Square, Sydney

We created an impressive entry lobby in this harborside development, complete with custom curved ceilings featuring a high level of detail and fittings that give the space a modern appeal. The residential complex is a fine example of our quality interior carpentry work. Our role also included lining and sheeting, framing and partitioning, insulation and paint preparation. For this project we also installed door frames in the four residential towers, partitions, ceilings and all the interior lining. The retail side of the mixed development involved a high degree of detail, technicality and exotic materials, especially on the façade.

Regatta, Wentworth Point, Sydney

This project is an example of how our skills can transform a space into sophistication and substance. The specially designed walls – which feature a render/texture paint finish - were an outstanding feature. The render/plasterboard dropped ceilings were completed with low emission paint.

Broadwater, Sydney

Style and sophistication was the brief for the interior of this distinctive property – a directive we successfully followed with particular attention to detail.

Our Team

At the core of all of Ankon Contractors' achievements is its staff. They each proffer valuable industry skills and experience and are collectively committed to growing the company's impressive portfolio of diverse projects.

Heading the team is director, Konti Mirashi, who has a reputation for getting the most out of his crew. The team shares his sound values and creative vision.

Konti oversees 11 teams who work meticulously across all of Ankon's divisions: plastering, painting and building. His close involvement with every project ensures his high standards are maintained from start to finish.

The team works professionally, are always punctual and are committed to meeting deadlines. That is why Ankon Contractors has become the specialist plasterboard company of choice.

Testimonials

We have been working with Ankon Constructions for many years. On all projects, we have found Ankon Constructions to be extremely reliable and they have undertaken all works with punctuality, great service and quality. They continually provide us with expert, clear advice regarding our project requirements and are always prompt and highly efficient. We would not hesitate to recommend them to others as their expertise is always evident.

- **Wadih Haddad, Royal Building Co Pty Limited**

Anton Contractors is an absolute pleasure to work with. They worked in very well with our team to drive our project and meet our requirements of quality and high standards. Konti reliably addressed our needs and was very supportive every step of the way.

- **Terry McGarrigle, Billgergia Pty Limited**
